**Day 1 : Aug 30****Longyearbyen, Svalbard, Norway**

Longyearbyen is in a valley on the shores of the idyllic Adventfjord, surrounded by steep mountains and several glaciers. There are only around 25 miles of roads in this village, which is divided into several neighborhoods, including the town center and Nybyen (New Town), which consists of charming miners' barracks constructed after the war, as well as guest houses, a restaurant and gallery, and not to mention beautiful views of the landmark mountain, Hiorthfjellet. Be sure to visit the Svalbard museum as a break between the plethora of activities like summer dogsledding or cruising to the abandoned Russian city of Pyramiden

**Day 2: Aug 31****Exploring Svalbard – Captain's Choice**

Even in one of the most isolated regions of the Arctic, there is still the captivating history of a pioneering past. Our expedition leaders, along with the captain and onboard pilot, will determine possible landings each day for all-out explorations. Wildlife abounds throughout the archipelago of Svalbard, such as puffins, reindeer, Arctic terns and foxes. An expert photographer will help you look out for the perfect photo opportunity of these animals, but especially for the elusive polar bear. As Zodiac cruises may bring you closer to glaciers, keep your eyes on the water for whale fins.

CAPTAIN'S CHOICE – Captain's Choice ports of call add to the sense of adventure and an element of surprise. Your ship's captain will sail around changing weather conditions as needed and take you to the best areas for wildlife viewing.

### **Day 5 : Sep 03**

#### **Exploring Greenland-Captain's Choice**

Making possible landings amid Greenland National Park, the largest in the world, you may find yourself within one of the country's largest fjord systems. Plentiful with wildlife from belugas and narwhals to seals, walruses, caribou, musk oxen, and even possible polar bear sightings, it's a wonderland of nature. Due to its size and limited accessibility, Greenland National Park's only residents are personnel from meteorological stations and the Danish Armed Forces.

**Day 7 : Sep 05****Fjords of Greenland – Captain's Choice**

A once-in-a-lifetime adventure is yours to have on the largest island in the world, Greenland. At the very top of the world, it's renowned for its vast tundra, immense glaciers and deep fjords. From an aerial view, the systems link together like the roots of a massive tree and stretching coastlines are dotted with small islands. Landscapes include enormous icebergs and glaciers. Depending on the time of year, you may see the Northern Lights swirl overhead and polar bears hunt on the ice.

**Day 8: Sep 06****At Sea**

Spend the day on the high seas pampering yourself at the spa or enjoying some time on deck. Mingle with your fellow explorers and swap stories of your exploits, making plans for new ones together once you get to shore

**Day 9 : Sep 07****Isafjordur, Iceland**

Amid the enchanting Westfjords of Iceland stands Ísafjörður, a fishing town thriving with local energy and culture. Summer months here are brisk, but it's this cool climate combined with breathtaking and quaint scenery that makes the village feel like an undiscovered treasure. The massive depression among the flat-topped mountains called Naustahvilt – known colloquially as the troll seat – combines Iceland's natural beauty with the town's rich folklore. Make a stop at Dokkan Brugghús, the only brewery in the entire Westfjords, and sample the local beers, crafted with naturally filtered spring water from the nearby mountains. For those for whom the sea's siren call beckons, you must visit the Westfjord History Museum, based on Ísafjörður's maritime heritage and its rise in the fishing industry.

**Day 10: Sep 08****Reykjavik, Iceland**

In the southwest of Iceland near Faxaflói Bay lies the capital of the country, Reykjavík, simultaneously cosmopolitan and charming. On the horizon beyond the colorful houses, the Northern Lights may cast a mesmerizing spell that will make you want to stay forever. Kaleidoscopic views await you at the Harpa Concert Hall, a glittering, glass structure that perfectly exemplifies Iceland's modern design and will fascinate your inner architect. One of Iceland's most prominent landmarks is Perlan, originally a group of hot water tanks that was converted to a building that now hosts an exhibition, planetarium, restaurant and observation deck, located atop Öskjuhlíð hill.

**Day 11 : Sep 09****Reykjavik, Iceland**

Board your return flight home.
